

GUILLOTINE SHEAR with REDUCER

PRESTIGE SERIES

GENERAL FEATURES

- The high-tech RGM range gives excellent results in a variety of business types.
- The RGM Series allows you to achieve precise and perfect cuts by entering all cut values.
- The machine frame manufactured with advanced technology with exact tolerances and stress relieved with welded components. All tensile points designed with large radii and strain accumulation and possible welding cracks eliminated.
- The top and bottom table inertia created for optimum value for the minimum deflection affecting the cutting quality.
- Productivity, maximum safety and cutting accuracy are features that distinguish the RGM Series.
- It satisfies your needs for delicate and precise cutting.
- It provides practical solutions at economical prices.
